

Manage your world with the HP 2001X Palmtop PC

Carry a catalog in your pocket for sales calls. With optional desktop PC connectivity and expandable memory with plug-in cards, you can take your data with you.

Manage your time

Hit the ground running with the most complete set of personal information management tools on the

market. Check world time to know when to call your suppliers in Singapore. Find phone numbers quickly in the phone book and paste them into your appointment book. Consult your month-at-a-glance calendar with a single keystroke for your niece's birthday. Or pull a client name and sales record from your database and drop it into a memo. Send or receive mail anywhere with cc:Mail Mobile. It's all seamless with your HP 2001X.

Get total DOS compatibility

HP offers the leading handheld PC with the full power of DOS. Run the built-in applications or add your favorite DOS programs. Transfer files or download software from your desktop computer through a standard PC serial port. Add memory with industry standard plug-in flash cards. The HP 2001X - plenty of power per cubic inch.

The HP 2001X is your keep-in-touch connection. With all these features, it's eleven ounces of PC power you'll never want to be without.

The world's most portable workplace

The HP 200LX Palmtop PC

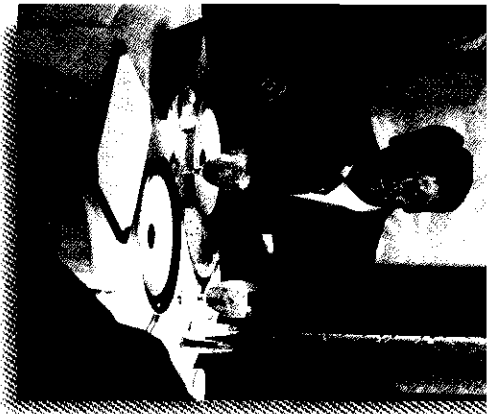

Manage your world with the world's most powerful palmtop PC! Carry your critical business and personal information as easily as you carry your wallet. The software you already know comes built-in with the only pocket PC that's fully DOS compatible.

Use PC power to organize your personal and business expenses on the go. Check your calendar, or let the appointment book keep you on schedule. Graph your latest sales figures or edit a quick memo. Open built-in DOS applications with a single keystroke, or add your favorite DOS programs* from your desktop PC.

You'll stay in charge with the most complete personal information management software on the market.

Manage your finances

Stay in control of personal and business finances anywhere with Pocket Quicken. Enter transactions from checking, savings, credit card, and cash accounts using convenient on-screen forms. Keep on top of current balances and reconcile accounts with your bank statements. You can even organize expenses by category and create summaries for business reimbursements or tax records.

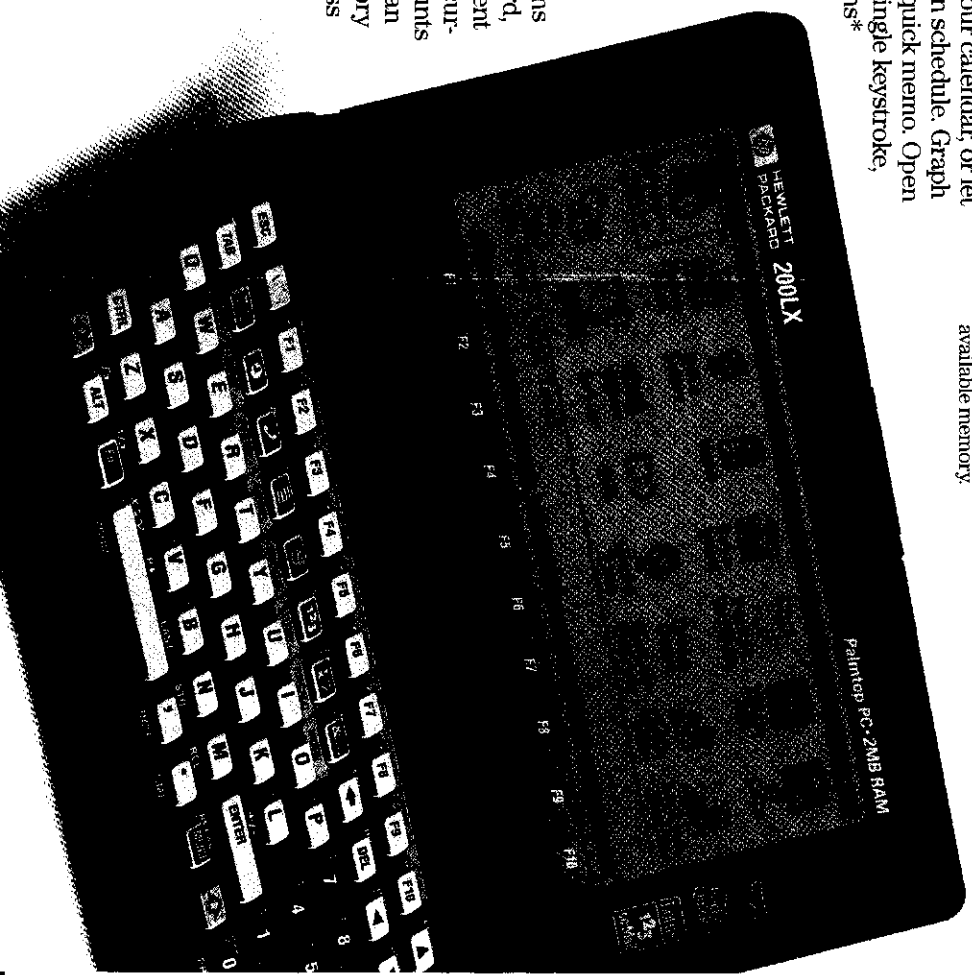

When being on the move is part of being on the job, carry all your critical information with you as conveniently as you carry your wallet.

Use all the power of Lotus 1-2-3 Release 2.4 wherever you go. Revise budgets, refine estimates, and review sales figures on the spot. The full capabilities of Lotus 1-2-3 including graphics, database commands, @ functions, and macros, are at your fingertips. View a full-sized spreadsheet or zoom in for a closer look.

And with the built-in HP financial calculator, the time-value-of-money functions help you handle mortgage calculations, compute mark-ups and margins, solve custom equations, and convert currency easily.
