

- RESET.DOC - How to install a reset button on your PCjr.
- IBMMEM.DOC - How to upgrade IBM sidecar, memory expansion.
- QUEST.DOC - Answers to questions about second disk drives, replacement drives, serial port, RS232, increasing jr's speed, V20 chips, PC compatibility, PC ID cartridge.
- SOFTSTOR.DOC - Descriptions of excellent public domain and user supported software available from jr Newsletter.
- MSBOOST.DOC - How to upgrade a Microsoft jrBooster, memory expansion.
- PRINTSOF.DOC - Great printer utilities reviewed, includes near letter quality for dot matrix printers. User-supported software available from jr Newsletter.
- LIST.DOC - Instructions for using LIST.COM
- DOSFIX.DOC - Why you need the patch to fix bugs in DOS 2.1
- TELETIP.DOC - Disabling the call-waiting feature when using your modem.
- KEYBOARD.DOC - Facts you may want to know about the PCjr keyboard.
- GOODSOF.DOC - Article describing public domain and user supported software: Golf, Sail Bermuda Triangle, Easy DOS Command Controller, Early Learning Games.
- CHECKDSK.DOC - Using the DOS CHKDSK command, File Allocation Table (FAT), disk space, lost clusters, total RAM, free RAM
- DOSHELP.DOC - DOSHELP software features described.
- MATH.DOC - How to use BASIC as a powerful calculator.
- DOSTYPE.DOC - The many uses of the DOS TYPE command.
- USERGPS.DOC - List of PCjr User Groups around the country.
- EDUSOFT.DOC - Excellent educational software for high school and up.
- 2DRIVE.DOC - How to install a second disk drive.
- TELECOMM.DOC - Telecommunicating with your PCjr, internal and external modems, COM port settings, communications software, Procomm, PC-Talk, QModem, BBSs (Part 1 of two long articles)
- QUIETDRI.DOC - How to silence noisy disk drives by lubricating the rails with teflon oil.

- COMPATIB.DOC - Discussion of what software will run on PCjrs, software compatibility and why some won't, direct screen writes, DMA
- MODE80.DOC - Correct use of the DOS MODE commands, MODE80, MODECO80
- PCFRAM.DOC - How to load and use a RAM disk drive, PC-File III, Racore Drive II
- FILEMERG.DOC - Using DOS COPY command to add files together, merge files, concatenate.
- CRASHES.DOC - Suspected causes of and solutions to some sidacar problems, which can cause system crashes. Tecmar, IBM, Microsoft jrBooster
- BASIC.DOC - How to use BASIC when you have expanded memory. Cartridge BASIC, RAM drive
- HOTSHOT.DOC - Review of jrHotshot memory expansion board, jr Hotshot, 8088 chip
- QUAD.DOC - Quad density 3.5" drives for PCjrs, 720K storage capacity.
- DEBUG.DOC - Explore jr's memory using the DOS DEBUG command
- JRBOARDS.DOC - Alternative keyboards discussed, Keytronic, Racore, Datadesk, keyboard adapter cable.
- SHIELD.DOC - How to shield the PCjr internal modem from second disk drive interference, Racore.
- JRBBS.DOC - PCjr bulletin board systems, bbs, telecommunicating.
- EDSOFT.DOC - Article describing public domain and user supported software available from jr Newsletter: Word Processor for Kids, math software, IQ builder.
- HOTINST.DOC - Difficult installation of jrHotshot memory expansion boards in PCjrs with soldered 8088 chips, jr Hotshot.
- FAVSFT.DOC - PCjr users pick their favorite software in jr Newsletter survey, good list of PCjr compatible software (Part 1 of survey results -- games are in Part 2)
- FAVGAMES.DOC - PCjr users pick their favorite games and educational software, list of PCjr compatible games, results of jr Newsletter reader survey (Part 2).
- TELECOM2.DOC - Telecommunicating with PCjrs (Part 2), modems, communications software, bbs.

•QANDA.DOC - Answers to questions about monitor connectors, boot-up, memory available, CHKDSK, Tecmar's CONPCJR, EMS, PC ROM bit, PC ID cartridge, monitor resolution.

BATCHFIL.DOC - How to create faster batch files, AUTOEXEC.BAT

•QANDA3.DOC - Answers to questions about 3.5" disk drives, Freelance, BIOS, keyboard interrupts, Superkey, PC-Write, keyboard macros.

•HARD.DOC - Adding a hard disk (fixed disk) drive to PCjr, Racore, DMA.

•NEWCART.DOC - What cartridges can do for your PCjr, jr Video cartridge, screen writes, Keyboard Buffer Cartridge, jr Synchro Cartridge, Keylights Cartridge, PC ID Cartridge.

IBMSUPP.DOC - IBM pledges to continue supporting PCjrs.

•ROMCART.DOC - Programmable ROM cartridges available.

JRCAN.DOC - Tribute to PCjrs, BBS, compatibility.

•SOFTNEWS.DOC - PC-Write upgrade with spelling checker, patches for bugs in DOS 2.1, Origami, PC-Key Draw Demo disk all described.

FAMILY.DOC - PCjr family wins "Computing Family of the Year Award from Family Computing Magazine."

•CHECKUP.DOC - The diagnostic use of the PCjr Hardware Maintenance and Service Manual.

TECMAR.DOC - Tip regarding voltage regulator and upgrading Tecmar memory boards.

•HARDWARE.DOC - Summary of memory expansion units for PCjrs as of 9/86, Tecmar, Impulse, Micro Products, Racore, Microsoft, IBM, Legacy, ASTI.

- B087CHIP.NEW -- B087 chip, the math coprocessor, is compatible with PCjrs.
- BASIC.APR -- How to use BASIC with expanded memory. CONPCJR, ram disk, BASICA, V20 chip.
- BBS.2 -- Listing of bulletin board systems for PCjr users.
- BOYAN.FEB -- Review of the Boyan, telecommunications software.
- BUFFERS.MAR -- Increasing Disk Buffers, disk buffer
- CARTR.NEW -- How jr Cartridges Work, cartridges
- CHECKOUT.MAR -- Checking out your PCjr, internal test
- CLICK.NEW -- Setting Keyboard Click
- COMPAT.NEW -- Some Notes on Software Compatibility
- COMPDSK.APR -- PCjr Compatibility Disk Expanded, software compatibility
 - COMPNOTE.588 -- Notes on PCjr Compatibility, patches, INT9JR, jrconfig
 - COMPNOTE.APR -- Notes on Compatibility, patches
 - COMPORT.588 -- Build Your Own Comport, telecommunications
 - COMPSOFT.2 -- Answers to Software Compatibility
 - COMPTIBL.388 -- Notes on Compatibility, jrconfig
- COPY.NEW -- Uses for CLS Command
- DISKBAD.APR -- Is This Diskette Bad?, format
- DISKCOPY.NEW -- Target Diskette May Be What?, diskcopy, copy
- DISKS.NEW -- Last Resort for Problem Diskettes, diskcopy, copy
- DOSFIX.NEW -- DOS 2.1 Fix
- DOSTIPS.NEW -- Tips on Using DOS, diskcopy, copy, format, wildcard
- DOWN.APR -- How Downloading Works, telecommunications
- DRIVE.MAR -- Replacement Drive Tip
- FANATIC.NEW -- How a Fanatic Set Up His System, memory, disk drives, telecommunications.
- FASTFORM.MAR -- Format Disks Faster
- FASTJR.NEW -- Making Junior Faster, memory, speed
- FILEMERG.APR -- How to Merge Files, wildcards, copy, merge

- FLITEBUG.NEW -- Flight Simulator Bug
- FONTASY.APR -- The Joy of Using Fontasy, graphics
- GLEN.NEW -- Tips for jr Owners, telecommunications, jrconfig
- JRCONFIG.NEW -- Now your PCjr Can Have 736K, jrconfig, memory (NOTECHINFO)
- JRPATCH.NEW -- Fixing Incompatible Software, software compatibility, patches
- JRPOWER.NEW -- jr Power Pack Offers Enhancements, jrconfig, screensavers
- KNOWJR.NEW -- Overcoming Computer Intimidation, hardware, disk drives, printer, memory, cartridges
- LETTERS.TXT -- Letters from Readers, memory, keyboard, disk drives, BBS, software compatibility, jrconfig
- MARKS.NEW -- Using Quadram, memory
- MEM.NEW -- BASIC Program to Show Memory
- MEMORY.NEW -- PCjr Expansion Units, memory
- METROBBS.MAR -- Bulletin Board System
- MODE80.APR -- Mode 80 or C080?, graphics
- MONITORS.NEW -- Selecting the Right Monitor, monitors, graphics
- MSDOS.NEW -- Switching from One DOS to Another
- MUSIC.388 -- Write & Play Music
- NEWUSER.NEW -- Tips for the New User
- NICKEL.MAR -- Nickel Express Boards, speed, memory
- OBSOL.NEW -- Computer Obsolescence, memory
- OSAK.NEW -- Running dBase III on PCjrs
- PCJREMS.388 -- 1MB of PCjr Memory with EMS, memory #250 ON IBM SIDECAR
- POWER.588 -- Help on Power Pack II, jrconfig, software compatibility
- PRINTUT.NEW -- Printer Utilities
- PROBLEM.NEW -- Internal Modem Data Loss Solved
- QANDA3.388 -- Questions and Answers, memory, modem, BBS
- QANDA6.NEW -- Questions and Answers, disk drives, keyboard
- QUATTRO.APR -- Quattro Has Many Features, memory

BEST OF jr - II

- QUEST.NEW -- Questions & Answers, mouse, software compatibility, memory, modem, disk drives
- QUEST11.NEW -- Questions & Answers, memory, printer, software compatibility
- QUEST8 Questions & Answers, patches, memory
- QUEST9.NEW -- Questions & Answers, clock, software compatibility, color
- QUESTA.588 -- Questions & Answers, cartridges, network, speed
- QUESTA.FEB -- Questions & Answers, software conversion, user groups
- QUESTNS.APR -- Questions & Answers, jrconfig, clock, shareware
- QUICKSL.APR -- Quicksilver Cartridge
- RAU.NEW -- 1200 Baud Internal Modem Available, modem
- RIGHT.NEW -- Worried About Writing Right?
- SERVICE.APR -- Finding Out What's Wrong with Your PCjr, self test, service
- SPEECH.NEW -- Speech Attachments
- SQUISH.NEW -- File Compression
- SUPERBLD.APR -- Boulder Dash Kit, graphics
- TECMAR.APR -- Tecmar Back in PCjr Business, memory
- TELETIP.NEW -- Tips for Modem Users, telecommunications
- TIPS.NEW -- Using Racore Units, memory
- TURBO.NEW -- PCjr Turbo Board, speed
- USRGRPS.APR -- PCjr User Groups
- +VCRARTIC.MAR -- How to Use a VCR with Your Computer, video
- VIDCART.NEW -- New Cartridges, video, speed, keyboard, cartridges
- WORDPERF.FEB -- Hints for Using Wordperfect
- WRITING.NEW -- Writing Assistant

 **** List of Files (Articles) On This Disk ****

13DRIVES SEP - Rotate your disk drives
 1BJRCONF SEP - How to use jrconfig.nrd
 18_EASY2 AUG - Batch file speeds up Writing Assistant
 1_COMBO AUG - New Combo Cartridge, fast screen writes, keyboard buffer, etc
 1_NEW_BD SEP - Speed-up board for jrs
 21_KOALA SEP - Get print-out of Koala Pad art
 25ADJRAM SEP - Adjram provides total RAM disk control
 28_PATCH SEP - DOS 3+ needs patch to run BASICA wout cartridge
 2CLEAN DOC - Steps to cleaning keyboard
 34_CHIP SEP - How to remove soldered chips
 3QANDA •SEP - Copy protected software, hidden files, Procomm DOS gateway
 video memory, noisy disk drives, word games, DMA, counting
 available memory.
 3QUANDA •NOV - jr Hotshot and Tecmar, BASICA patch, BASIC games, Genius Mouse,
 Generic CAD, serial and parallel port LPT1, Quietwriter
 driver.
 5DSKHLF •SEP - Self-Booting disk aid for expanded jrs
 5IBM_AS NOV - Running IBM Assistant series software on RAM disk
 7POWER •SEP - Dual font, thinfont chip, Quicksilver Cartridge, EMS memory
 modification, cursor speed, hard drive, ZANSI, socket pro-
 tection, cooling fan.
 80COL DEC - 80 column mode, how-to
 9_MICROP •AUG - PCjrs microprocessor - technical details
 9_PRESER AUG - Preserve jr's power supply
 A_XT_KEY •DEC - Keyboard adapter for XT keyboards
 BASICFIX •888 - Fix "illegal function call" in BASIC programs
 CARTBAS DEC - Running BASIC without cartridge, BASICA.COM patch
 CLK-CAL TXT - PCjr Clock Cartridge
 DEC_Q&A •DEC - BASRUN, Generic CAD, power supply differences, Fixing date,
 color game patches, DOS 4, modem trouble, MultiMate,
 expanding RAM, Speech attachment, CONFIG.SYS trouble
 DDS-CARE •TXT - Watch out when you switch DOS versions
 DOS-DIR TXT - Dir command switches
 FB-HORIZ •788 - Fix horizontal sync problems on jr monitors
 FEVER DEC - Fraction fever software for kids
 FLIGHT WP - Details on using Flight Simulator on PCjrs
 GREP DOC - Documentation file for using GREP
 GREP EXE - GREP search program
 INTERNAL 888 - Internal modem, good phone dialer
 JAN •Q&A - Printer setup, V-20 chip, compatibility, disk error,
 jrconfig, speeding up games, Logitech mouse
 JRCONFIG •788 - Details on using jrconfig.sys and jrconfig.nrd
 JRTOTAND TXT - Modify jr to run as a Tandy 1000 (diagram in April 89 issue)
 LEARN TXT - Mother tells how she helps her kids learn with PCjr
 LETTER4 PCW - Educational software for PCjrs
 LOW\$POWR TXT - Low cost power supplies for PCjrs
 MAR •Q&A - Colorpaint, jr history, Koala Pad solutions, QuickBASIC,
 EMS memory, 3.5" drives
 MARKETS •TXT - IBM's revised support for jrs
 MAYQ&A •TXT - Jr books, 3.5" drives, BASIC printout, Procomm, clock fix,
 jr monitors with other computers
 MICE PCW - Rundown of different mouse units used with PCjrs

BEST OF jr - III

MODEBO TXT - MODE command, color, bw and 80
MODEM TXT - Short list of BBSs supporting PCjrs
MORE_MEM TXT - Expanding memory increases speed, too
MUPPETKB TXT - Muppet Keyboard great for kids
NEWSROOM PCW - Reader likes Newsroom Pro, but has a few problems
POWER 788 - Identifying which power supply your jr has
Q&A TXT - Hand scanner, reducing memory requirements, Paint Plus,
Microsoft Works, read/write errors, adjusting BUFFERS and
FILES to make software work, math coprocessor, PCjr mouse
adapter cable
Q&A AUG - Telling software where to look for disks, joysticks and mice,
BUFFERS, keyboard options, using a TTL monitor,
QANDA 788 - Cleaning drive heads, turning off sound, CAD programs,
High Density drives, using VCR, NEC V-20, power requirements
for 736K, book chapter editing, graphic standards
RAMDISKS PCW - Advantages of RAM disk usage
README - This file you are reading now
RF#5 TXT - DOS 3.3 solves 3.5 inch drive problem
RF#6 TXT - Recognizing memory above 640K
RF#8 TXT - Legacy hard drive problem solved
RF1 TXT - Image 3-D drawing software
RF7 TXT - Notes on compatibility, PATCHBAS error corrected, etc.
RF9 TXT - Reader likes WordPerfect 5.0
RFEED1 - Reader describes his expanded jr
RFEED4 - Ways to reduce eye strain
SIERRA TXT - Sierra-On-Line pledges continued jr support
SOCKET 888 - How to tell if your PCjrs chips are soldered or socketed
THINFONT TXT - PC Enterprise's Thinfont Module described, clearer letters
on screen
TIP TXT - Put call waiting on hold while using modem
TRICKS TXT - Tricks to use to make "incompatible" software run on jrs,
increasing software compatibility
TURBOC 888 - Turbo C on jr
USEMODEM TXT - Low cost telecommunications software for jrs
WHAT2DO TXT - What to do when your jr breaks down, repairs, check-up
XDMA PCW - How to disable DMA on Racore expansion units
