# TESTED PRODUCTS CATALOG

MARCH, 1984

Eagle Computer is pleased to announce a partial list of IBM® PC compatible products. These products have been tested by Eagle or the product vendor and found to operate properly on Eagle computers. This expanded list is the result of an ongoing testing program at

Eagle Computer to insure the compatibility of both hardware and software products developed for the IBM PC with the Eagle 16-bit product lines.

Remember that this is only a partial listing of the many hardware and software products on the market that will run on the Eagle Computers.
