REDEFINING GAMING AUDIO

Today, the Razer Barracuda™ Gaming Audio Card is by far one of the most technologically advanced sound cards available in the world with gaming-specific positional audio. Powered by Razer Fidelity™, gamers are equipped with the advantage of an expanded dynamic soundstage for gaming tuned frequencies with Razer ESP™ (Enhanced Sonic Perception™).

The in-built audio chip processes and optimizes audio signals from games to provide the ultimate positional gaming audio experience through the Razer 3D (720°) Positional Gaming Audio Engine™.

The Razer Barracuda™ AC-1 Gaming Audio Card also features optimized proprietary software drivers to provide for the prioritization of enhanced gaming audio signals while leaving as small a memory footprint as possible.

We are a company of gamers who work closely with the gaming community and we know exactly what you want (and what you don't!). The Razer Barracuda™ AC-1 Gaming Audio Card is designed to provide you with the much needed competitive edge in gameplay, made For Gamers. By Gamers.™ Undoubtedly, the Razer Barracuda™ AC-1 Gaming Audio Card will be the new benchmark in competitive gaming audio and you're at the helm of this technological revolution.

We know you're bustin' at your chops to put this baby through the rigors of gameplay. But before you do so, take some time to go through this Master Guide in order to unleash the maximum potential of your Razer Barracuda™ AC-1's capabilities.

Sign up at www.razerzone.com for the latest news, product and driver announcements to stay ahead of the game. (I do assure you that all information provided will be kept private).

There's no turning back. You're one of us now.
Peace and great gaming.

RAZERGUY

GETTING TO KNOW YOUR RAZER BARRACUDA™ AC-1 GAMING AUDIO CARD

A Razer HD-DAI™ Connector

B CD-In

C Aux In [CD Audio 2]

D Optical In - for high fidelity optical recording, MiniDisc, digital mixer, DAT etc.

E Optical Out - for surround gaming experience with home theater systems

CONNECTING WITH RAZER BARRACUDA™ HP-1 GAMING HEADPHONES

5 CONNECTING WITH OTHER AUDIO DEVICES

Stereo or 2.1 Speakers/Headphones

4 or 4.1 Speakers

5.1 Speakers

7.1 Speakers

System Requirements

- Genuine Intel® Pentium® II 350MHz, AMD® K6 450MHz processor or faster
- Windows® ME/2000/XP(SP2)
- 128MB RAM
- 55MB of free hard disk space
- CD-ROM/CD-RW required for software installation

Setting up the Razer Barracuda™ AC-1 Gaming Audio Card

1. Turn off your Personal Computer (PC), unplug its power cord and disconnect any external peripherals. Remove the cover of your PC.
2. If you're replacing a sound card that's already in your PC, unscrew its bracket and gently remove the card out of its PCI slot.
3. Locate a free PCI expansion slot. Remove the metal slot rear cover by unscrewing its securing screw. Save the screw to secure the sound card to the chassis later.
4. Before removing the Razer Barracuda™ AC-1 Gaming Audio Card from its protective bag, touch the PC chassis to discharge any static electricity build-up from your body. Hold the card by its edges to avoid touching the gold edge connectors or components.
5. Gently press the Razer Barracuda™ AC-1 Gaming Audio Card firmly into the PCI slot until it snaps into place. Secure its rear metal bracket to the chassis with the screw you removed in step 3.
6. Replace the PC's cover, reconnect the power cord and peripherals.

Installing the drivers and software

1. Connect your speakers, microphone, and any other audio peripherals to the appropriate inputs and outputs on the Razer Barracuda™ AC-1 Gaming Audio Card.

2. Power-on your PC. If the "Found New Hardware Wizard" window is displayed, click on the Cancel button to end this process.

3. Insert the Razer Barracuda™ AC-1 Gaming Audio Installation CD into the CD-ROM drive. If the installation menu does not appear within 30 seconds, click on the "My Computer" icon, then double-click on the CD-ROM drive folder to open it, and select 'SETUP.EXE' to run the setup program from the CD.

4. When the Razer Barracuda™ AC-1 Gaming Audio Card installation menu appears, click **NEXT** and follow the on-screen instruction.

5. The installation procedure will install the Razer Barracuda™ AC-1 Gaming Audio drivers and Control Panel programs.

When the installation is completed, you will be prompted to reboot the PC.

REGISTER YOUR RAZER™ PRODUCT

At the end of the Razer™ software installation, just follow the prompts or get instant gratification at www.razerzone.com

What you'll get:

- 2 years limited manufacturer's warranty
- Free online support

TECHNICAL SUPPORT

For technical support, please visit www.razersupport.com

THE RAZER BARRACUDA™ PROFESSIONAL GAMING AUDIO CONTROL PANEL

The Audio Control Panel is divided into 3 main sections - **Main Control**, **Modes** and **Advanced Settings**.

The **Main Control** panel includes speaker modes selection, speakers test, mixer, Razer ESP™ and digital output selection

The **Modes** panel allows you to upmix your game audio from stereo to multi-channel surround effects

The **Advanced Settings** panel provides customization and control to bass setting, equalizer and driver information

The Main Control Panel

Audio Output section lets you select the type of speaker configuration modes that matches your physical speaker setup

Master Control/Mixer enables you to set the master volume and individual component volumes

Click on the **Record Control** for recording source selection and gain controls

Sound Stage Output allows you to test each individual speaker or perform a 3D surround sound test. It also lets you control the individual volume to your liking

Speaker Time Delay: Applicable only in 4 channel speaker mode

A. Turn on Speaker Time Delay

B. Set channel delay time

This function is a professional audio feature to set your multi-channel speaker output delay time. It must be used for all the modes in Dolby Pro Logic II X. With this feature, you can set delay times for your Center/Side Surround/Back Surround channels for your professional audio performance needs.

S/PDIF Output Selection

Digital output mode is configured to define which format will be sent out by the S/PDIF interface. There are 7 kinds of digital output mode: Dolby Digital Live/ DTS Interactive/Digital Audio 44.1K/ 48K/ 96K/ 192K/ SPDIF Loopback.

- **Dolby Digital Live**
 - The audio data will be encoded to AC-3 5.1 format and output via S/PDIF out
- **DTS Interactive**
 - The audio data will be encoded to DTS Cinema 5.1 bit stream format and output via S/PDIF out
- **Digital Audio 44.1KHz**
 - SPDIF out with 44.1KHz sample rate
- **Digital Audio 48KHz**
 - SPDIF out with 48KHz sample rate
- **Digital Audio 96KHz**
 - SPDIF out with 96KHz sample rate
- **Digital Audio 192KHz**
 - SPDIF out with 192KHz sample rate
- **S/PDIF In Loopback**
 - S/PDIF in Loopback to S/PDIF out

Recording Mode

1. Click on the Record Control to bring up the Record Source Menu.
2. In the Record Source Menu, you are allowed to select the recording source and adjust the recording gain.
3. Click on the Tool icon next to the Microphone or S/PDIF to bring up the respective Advanced Settings menu.

S/PDIF Settings

Microphone Options

If you feel that the microphone sound is too soft, you can boost the volume by +20dB. Select the "Boost" option to enable it. Please note that this will enhance any background noise as well.

Razer ESP™ (Extra Sonic Perception™)

The human brain has difficulty pinpointing which direction a sound is coming from if it falls below a certain threshold.

Razer ESP™ allows you to control your hearing range in DirectSound3D games by altering the volume drop-off behavior of distant sounds. Sounds that may have been previously inaudible will now become much clearer.

Razer ESP™ technology also gives you an advantage by boosting critical sounds, such as an enemy's footsteps, to a more audible level. This effectively allows you to pinpoint the exact location of your enemy more accurately than ever before. The actions of your opponents will be magnified by a larger degree and so will your frag rate.

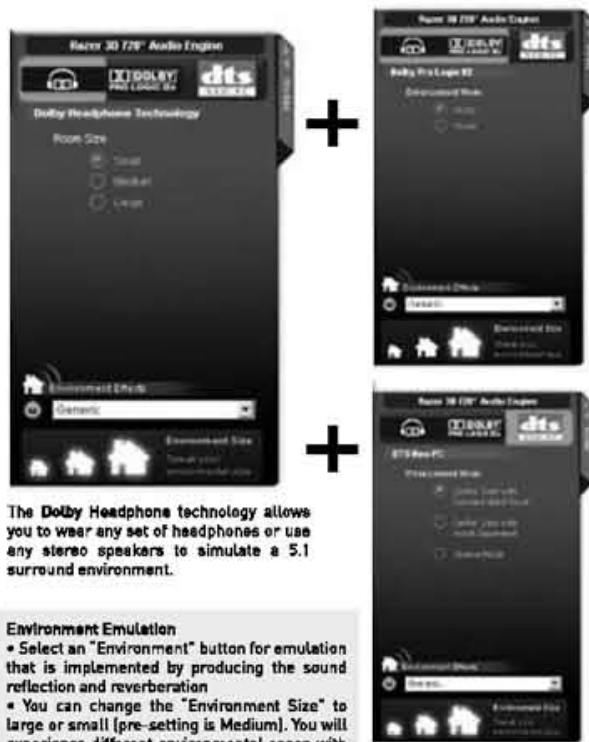

Set the ESP slider to MIN for default game experience. Distant sounds may be too soft to hear depending on your speaker setup.

Set the ESP slider to MAX to hear further and more distinctly, and pinpoint where an enemy is or where shots are coming from.

The Modes Panel (for Headphone Selection)

The Dolby Headphone with Dolby Pro Logic IIx technology will expand any existing stereo or 5.1 channel audio for a 6.1 or 7.1 channel playback, creating a seamless, natural surround sound field that immerses you in the ultimate gaming experience.

Two listening modes are available for selection - Music and Movie

The Dolby Headphone technology allows you to wear any set of headphones or use any stereo speakers to simulate a 5.1 surround environment.

Environment Emulation

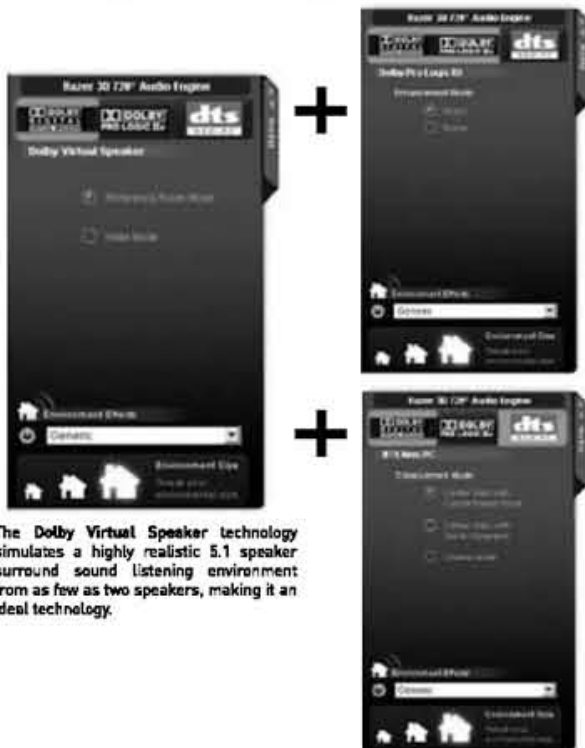

- Select an "Environment" button for emulation that is implemented by producing the sound reflection and reverberation
- You can change the "Environment Size" to large or small (pre-setting is Medium). You will experience different environmental space with each selection.

The Dolby Headphone with DTS Neo-PC will turn your stereo audio (WMA, MP3, CD and gaming audio) into a convincing 7.1 multi-channel audio experience.

Three listening modes are available for selection:

- Centre Gain with Concentrated Vocal
- Centre Gain with Vocal Separated
- Cinema Mode

The Modes Panel (for 2 Speaker Selection)

The **Dolby Virtual Speaker** technology simulates a highly realistic 5.1 speaker surround sound listening environment from as few as two speakers, making it an ideal technology.

The **Virtual Speaker Technology** with **Dolby Pro Logic IIx** delivers a virtual surround listening experience from any high-quality stereo source.

Two listening modes are available for selection - Music and Movie.

The **Virtual Speaker Technology** with **DTS Neo-PC** will turn your stereo audio (WMA, MP3, CD and gaming audio) into a convincing 7.1 multi-channel audio experience.

Three listening modes are available for selection:

- Centre Gain with concentrate Vocal
- Centre Gain with Vocal Separated
- Cinema Mode

The Advanced Settings Panel

Equalizer

The **10-Band Equalizer** provides different frequency bands that can adjust the system frequency response or tone. 12 equalizer presets are available from the pull-down menu for quick access. Click on "+" to add your personal settings into the "User Defined" list; Click on "-" to delete the current setting record.

Bass Control

The **Bass Control** allows you to adjust the bass threshold frequency, e.g. if set at 150Hz, all sounds that are 150Hz and below in frequency will be played through your subwoofer instead of your speakers. This is particularly helpful if your surround speakers cannot handle low bass sounds well.

Q: Must the Razer Barracuda™ AC-1 Gaming Audio Card and the Razer Barracuda™ HP-1 Gaming Headphones be used together?

A: No. While the Razer Barracuda™ AC-1 Gaming Audio Card and Razer Barracuda™ HP-1 Gaming Headphones are built to be an Integrated Audio System (known as the Razer Barracuda™ IAS), they can also be used separately with existing sound cards or headphones.

Q: Will the Razer Barracuda™ AC-1 Gaming Audio Card sound as good with my existing speakers or headphones if I don't use the Razer Barracuda™ HP-1 Gaming Headphones?

A: The Razer Barracuda™ AC-1 delivers phenomenal sound quality and gaming positional audio even with your existing headphones and speakers. When you replace your legacy sound card or onboard audio from the motherboard with the Razer Barracuda™ AC-1, you will experience a marked increase in the sonic quality of your headphones and speakers. However with the Razer Barracuda™ HP-1 Gaming Headphones, you'll have one of the best gaming audio systems in the world.

Q: Will the Razer Barracuda™ HP-1 Gaming Headphones work with my existing audio card?

A: Yes they will. While you cannot use the dedicated Razer Channel™ to enjoy optimized gaming audio, the Razer Barracuda™ HP-1 Gaming Headphones will provide you with true positional audio with your current sound card. You will immediately notice an improvement in your positional audio and gameplay. But why settle for second best when you can have the world's best audio gaming card - the Razer Barracuda™ AC-1 Gaming Audio Card.

Q: Can the Razer Barracuda™ AC-1 Gaming Audio Card play music files such as MP3s and WAV files?

A: While the Razer Barracuda™ AC-1 Gaming Audio Card was built as the world's ultimate gaming audio card, it also delivers top notch audio quality for your music files and general listening. It is one of the best audio cards in the world today.

Q: I've heard of "Powered By Razer Precision™" - but what is "Powered By Razer Fidelity™"?

A: "Powered By Razer Fidelity™" is our indicia of technological excellence in gaming audio and is also a stamp of approval that this meets the demanding requirements of true gaming audio. Only products that include Razer's leading gaming audio technology may be branded with this logo.

Q: How does the Razer Barracuda™ HP-1 Gaming Headphones optimize my gaming experience?

A: The Razer Barracuda™ HP-1 has 8 discrete speaker drivers in the headphones which have been tuned for optimal positional audio. The driver components have been specially selected to provide for low decibel pick up so that every single audio signal is transmitted and received without loss. The 99% oxygen-free copper cable is a final touch to ensure minimal loss in audio transmission.

Q: What does the Razer Barracuda™ IAS have that enhances voice communications?

A: The Razer Barracuda™ IAS has a three-fold approach to team-based games that require top-notch audio transmission and communications. The Razer Barracuda™ HP-1 features a cutting-edge, noise-cancelling microphone that allows for pick up of audio cues and voice communications even in noisy environments. These signals are transmitted through a proprietary high-definition connection known as the Razer HD-DAI™.

The Razer Barracuda™ AC-1 Gaming Audio Card then processes and optimizes the voice communications before transmitting the signals. The software drivers onboard the Razer Barracuda™ AC-1 are also tweaked to provide clarity during voice communications, which is essential during team-based games.

SOFTWARE LICENSE AGREEMENT (AGREEMENT)

RAZER™ IS WILLING TO LICENSE THE ENCLOSED SOFTWARE TO YOU ONLY ON THE CONDITION THAT YOU ACCEPT ALL OF THE TERMS CONTAINED IN THIS LICENSE AGREEMENT. This is a legal agreement between you (either an individual end-user, corporate entity or any other entity whatsoever) and Razer™. By installing, uploading, copying or utilizing in any way the software, you are agreeing to be bound by the terms and conditions of this Agreement. If you do not agree to the terms of this Agreement, do not install the software and promptly return the software package and other items that are part of this product in their original package with your payment receipt to your point of purchase for a full refund.

GRANT OF LICENSE

Razer™ grants you a non-exclusive, revocable license to use one copy of the enclosed software program, licensed and not sold to you, ["Software"] on one computer only with the Razer™ product you have purchased. No other rights are granted. The Software is in use if it is installed, including but not limited to loaded on the computer's permanent or temporary memory. For backup purposes only, you may make one copy of the Software for your own use. You must include on the backup copy all copyright and other notices included in the Software as supplied by Razer™. Installation on a network server for the sole purpose of your internal distribution of the Software is permitted only if you have purchased an individual Software package or concurrent dedicated license for each networked computer to which the Software is distributed.

Dolby Master Studio driver is manufactured under license from Dolby Laboratories;
DTS Connect driver is manufactured under license from Digital Theater Systems, Inc.

RESTRICTIONS

Razer™ retains full ownership of the Software. You shall not directly and/or indirectly attempt to decompile, disassemble, reverse-engineer, or modify the Software licensed to you in any way except as allowed by law. You may not transmit the Software over a network (except as expressly permitted above) or electronically using any means. You may not directly and/or indirectly transfer the Software except upon a permanent transfer of the enclosed Razer™ product provided that all Software updates are included in the transfer, you do not retain a copy of the Software, and the transferee agrees to be bound by the terms and conditions in this license. Upon any violation of any of the provisions of the Agreement, your rights to use the software shall automatically terminate and all copies of the Software must be returned to Razer™ or destroyed.

LIMITATION OF LIABILITY

The warranties set forth in this agreement replace and/or supersede all other warranties and your remedies for breach of warranty are expressly limited to those herein set forth. Razer™ expressly disclaims all

other warranties to the extent allowed by law including, but not limited to, the implied warranties of merchantability, fitness for a particular purpose and non-infringement of third-party rights with respect to the documentation, software (including patches and/or updates) and hardware. No Razer™ supplier, dealer, agent, or employee is authorized to make any modification, extension or alteration of the warranty or to substitute products or services, lost profits, loss of information or data, or any other special, indirect, consequential or incidental damages arising in any way out of the distribution of, sale of, resale of, use of, or inability to use any product or software subject to warranty herein set forth. In no event will Razer™ be liable for any special, incidental, indirect or consequential damages whatsoever.

COSTS OF PROCUREMENT PRODUCT OR SERVICE

For the avoidance of doubt, in no event will Razer™ be liable for any costs of procurement unless it has been advised of the possibility of such damages, and in no case shall Razer™ be liable for any costs of procurements liability exceeding the actual money paid for the products subject to warranty at issue.

In the event some jurisdictions do not allow the limitation of implied warranties or liability for incidental, consequential, special, or indirect damages, the above limitation may not apply. The above limitations will not apply in case of personal injury where and to the extent that applicable laws require such liability.

U.S. GOVERNMENT RESTRICTED RIGHTS

The Software is provided to the U.S. government only with restricted rights and limited rights. Use, duplication, or disclosure by the U.S. Government is subject to restrictions set forth in 48 C.F.R. 2.101 (October 1995), consisting of "Commercial Computer Software" and "Commercial Computer Software Documentation as such terms are used in 48 C.F.R. 12.212 (September 1995), and in FAR Sections 52-227-14 and 52-227-19 r DFARS Section 52-227-7013 ©(1) (ii), or their successors, as applicable. Consistent with 48 C.F.R. 12.512 and 48 C.F.R. 227-7202-1 through 27-7204-4 (June 1995), or any successor regulations, this Software is provided to U.S. Government users pursuant to the terms and conditions herein.

FCC DECLARATION OF CONFORMANCE

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio TV technician for help.

For more information, refer to the online help system on your Razer Barracuda™ AC-1 Gaming Audio Card CD ROM or www.razerzone.com

Correct Disposal of This Product (Waste Electrical & Electronic Equipment)

(Applicable in the European Union and other European countries with separate collection systems)

This marking shown on the product or its literature, indicates that it should not be disposed with other household wastes at the end of its working life. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate this from other types of wastes and recycle it responsibly to promote the sustainable reuse of material resources. Household users should contact either the retailer where they purchased this product, or their local government office, for details of where and how they can take this item for environmentally safe recycling. Business users should contact their supplier and check the terms and conditions of the purchase contract. This product should not be mixed with other commercial wastes for disposal.

Français

Comment éliminer ce produit (déchets d'équipements électriques et électroniques)

(Applicable dans les pays de l'Union Européenne et aux autres pays européens disposant de systèmes de collecte sélective)

Ce symbole sur le produit ou sa documentation indique qu'il ne doit pas être éliminé en fin de vie avec les autres déchets ménagers. L'élimination incontrôlée des déchets pouvant porter préjudice à l'environnement ou à la santé humaine, veuillez le séparer des autres types de déchets et le recycler de façon responsable. Vous favorisez ainsi la réutilisation durable des ressources matérielles. Les particuliers sont invités à contacter le distributeur leur ayant vendu le produit ou à se renseigner auprès de leur mairie pour savoir où et comment ils peuvent se débarrasser de ce produit afin qu'il soit recyclé en respectant l'environnement. Les entreprises sont invitées à contacter leurs fournisseurs et à consulter les conditions de leur contrat de vente. Ce produit ne doit pas être éliminé avec les autres déchets commerciaux.

Italiano

Corretto smaltimento del prodotto (Rifiuti elettrici ed elettronici)

(Applicabile in i paesi dell'Unione Europea e in quelli con sistema di raccolta differenziata)

Il marchio riportato sul prodotto o sulla sua documentazione indica che il prodotto non deve essere smaltito con altri rifiuti domestici al termine del ciclo di vita. Per evitare eventuali danni all'ambiente o alla salute causati dall'inopportuno smaltimento dei rifiuti, si invita l'utente a separare questo prodotto da altri tipi di rifiuti e di riciclarlo in maniera responsabile per favorire il riutilizzo sostenibile delle risorse materiali. Gli utenti domestici sono invitati a contattare il rivenditore presso il quale è stato acquistato il prodotto o l'ufficio locale preposto per tutte le informazioni relative alla raccolta differenziata e al riciclaggio per questo tipo di prodotto. Gli utenti aziendali sono invitati a contattare il proprio fornitore e verificare i termini e le condizioni del contratto di acquisto. Questo prodotto non deve essere smaltito unitamente ad altri rifiuti commerciali.

Deutsch

Korrekte Entsorgung dieses Produkts (Elektronik)

Anzuwenden in den Ländern der Europäischen Union und anderen europäischen Ländern mit einem separaten Sammelsystem

Die Kennzeichnung auf dem Produkt bzw. auf der dazugehörigen Literatur gibt an, dass es nach seiner Lebensdauer nicht zusammen mit dem normalen Hausabfall entsorgt werden darf. Entsorgen Sie dieses Gerät bitte getrennt von anderen Abfällen, um der Umwelt bzw. der menschlichen Gesundheit nicht durch unkontrollierte Müllbeseitigung zu schaden. Recyceln Sie das Gerät, um die nachhaltige Wiederverwertung von stofflichen Ressourcen zu fördern. Private Nutzer sollten den Händler, bei dem das Produkt gekauft wurde, oder die zuständigen Behörden kontaktieren, um in Erfahrung zu bringen, wie sie das Gerät auf umweltfreundliche Weise recyceln können. Gewerbliche Nutzer sollten sich an ihren Lieferanten wenden und die Bedingungen des Verkaufsvertrags konsultieren. Dieses Produkt darf nicht zusammen mit anderem Gewerbeabfall entsorgt werden.

Eliminación correcta de este producto (material eléctrico y electrónico de desecho)

(Aplicable en la Unión Europea y en países europeos con sistemas de recogida selectiva de residuos)

La presencia de este marca en el producto o en el material informativo que lo acompaña, indica que al finalizar su vida útil no deberá eliminarse junto con otros residuos domésticos. Para evitar los posibles daños al medio ambiente o a la salud humana que representa la eliminación incontrolada de residuos, separe este producto de otros tipos de residuos y recíclalo correctamente para promover la reutilización sostenible de recursos materiales. Los usuarios particulares pueden contactar con el establecimiento donde adquirieron el producto, o con las autoridades locales pertinentes, para informarse sobre cómo y dónde pueden llevarlo para que sea sometido a un reciclaje ecológico y seguro. Los usuarios comerciales pueden contactar con su proveedor y consultar las condiciones del contrato de compra. Este producto no debe eliminarse mezclado con otros residuos comerciales.

Português

Eliminação Correta Deste Produto (Resíduo de Equipamentos Elétricos e Eletrônicos)

Esta marca, apresentada no produto ou na sua literatura indica que ele não deverá ser eliminado juntamente com os resíduos domésticos indiferenciados no final do seu período de vida útil. Para impedir danos ao ambiente e à saúde humana causados pela eliminação incontrolada de resíduos deverá separar este equipamento de outros tipos de resíduos e reciclá-lo de forma responsável, para promover uma reutilização sustentável dos recursos materiais. Os utilizadores domésticos deverão contactar ou o estabelecimento onde adquiriram este produto ou as entidades oficiais locais para obterem informações sobre onde e de que forma podem levar este produto para permitir efectuar uma reciclagem segura em termos ambientais. Os utilizadores profissionais deverão contactar o seu fornecedor e consultar os termos e condições do contrato de compra. Este produto não deverá ser misturado com outros resíduos comerciais para eliminação.
