```
  Working Temperature: 55 to 85 degrees Fahrenheit
             Humidity: 10% to 90% RH, non-condensing
         Power Rating: 9v DC,  500ma
      Power Indicator: Green LCD
  Communication Ports: Parallel port x1
                       Serial port x1
 Conversion Direction: Serial to parallel, parallel to serial
                       selectable
  Physical Dimensions: 4.76" x 2.79" x .94"
                       121 x 71 x 24mm
               Weight: 5.64 ounces (160 grams)
   AC Adapter Voltage
                Input: 120v 50Hz
               Output: DC 9v
Parallel Port
       Connector type: DB-25 female connector
         Signal level: Standard TTL
Serial Port
       Connector type: DB-25 male connector
         Signal level: EIA standard RS-232 signaling
            Baud rate: 300bps to 38400bps
           parity bit: Odd, eve or none
     Character length: 8-bit or 7-bit
            Handshake: DTR or XON/XOFF mode
             Stop bit: Don't care
      Conversion mode: Serial to Parallel or Parallel to Serial
